TOUNG MEN'S CHRISTIAN ASSOCIATION.

Monday night last a large number of our citizens assembled in mass-meeting in the Baptist church to const-er the advisability of oreanizing a Young Men's Christian Association at this place. Rev. J. H. Davis was called to the chair and J. A. Phillips elected secretary. Rev. I. M. Mercer explained the object of the meeting, and delivered a foreible argument in favor of the association, reviewing the great benefits which would result therefrom if properly erganized and conducted. A committee was appointed to draft a constitution and report at the next meeting, Friday night, at which meeting the officers will be elected.

A FEW SEED. TOUNG MEN'S CHRISTIAN ASSOCIATION.

Major R. L. Ragland, of this county, who has gained almost a world-wide reputation as a tobacco-sced grower, this year gathered a crop of eighty-three or eighty-four bushels of seed. Somebody has taken the trouble to compile some statistics about the Major's crop, and, taking white Burley seed as a basis of calculations, ascertains that the total number of seeds harvested reaches 16,000,000,000. Were each seed to germinate and produce an average healthy plant, a hedge of twenty-one plants in breadth would girdle the earth, planted in rows one foot apart. Were each seed to germinate a plant, and with 6,000 plants used to the acre, it would require 2.667,000 acres to exhaust the supply of plants, or an area of about 4,300 miles long by 200 feet broad. Should each one of the 16,000,000,000 yield one third of a pound, the result would foot up over 5,330,000,000 pounds, or 2,667,000 tons, of tobacco. This, packed in bulks averaging 2,000 pounds, would require 2.267,000 hogsbeds, and were the hogsbeads placed lengthwise head to head they would stretch 2,500 miles. A FEW SEED.

Quite a scare was given the town last Sunday night about 12 o'clock by the cry of fire. Smoke was seen issuing from a room to the Howard Hotel, occupied by a young gentleman. The occupant of the room was absent, and entrance being forced, flames were discovered making good progress in a lot of clothing. The fire was quickly controlled, but not before the hall-ways of the hotel had become filled with smoke. No damage of any consequence was sustained. No explanation of the origin of the fire can be given. Some think it was sustained. No explanation of the ori-gin of the fire can be given. Some think it might have started from a cigar or eigar-ette dropped carelessly on the floor, or from rats nibbling a match.

RELIGIOUS.

Bey, Thomas Wharey, D. D., principal of Worsham Academy, preached here last Sunday morning and night. Dr. Wharey is one of the most cloquent and profound preachers in the Presbyterian church, and in dealing, with special topics he is seldom equalled. His discourse Sunday was of sin. At night he preached a sermon for young men, and on both occasions seemed to excel hamself in the force, beauty, and pertinency of argument and illustration. RELIGIOUS. "THE NIGGER AND A MULE."

The old expression, "a nigger and a mule," indicating the fraternal relations supposed to exist between those two useful and indispensable adjuncts of southern life, has been given a new interpretation in our county. A colored man was lodged in jail last week for killing the mule he had been giving. The animal with the com-

Colonel Frank Huger, superintendent of the western division of the Norfolk and Western railroad, has purchased the splendid homestead of Dr. E. H. Murrell, on Garland Hill, for \$13,200. It is one of the finest properties in this city.

The Corporation Court resumed its session this morning and commenced work on the civil docket, Judge Latham will to-morrow deliver his opinion in the important assessment suits against the city. The opinion has been prepared for some time, but in consequence of the absence of counsel its delivery has been delayed.

The Council having appropriated \$700 to put a new and complete heating apparatus in the city jail, the contract has been let and the work commenced. Last winter prisoners suffered very much from cold.

The question of a subscription of \$300,000 by the city toward the construction of the Lynchburg and Southwest railroad will most probably not be submitted to a vote of the people until the spring election.

Captain Green Williams, chief of police, received felegrams yesterday evening that Guy Donoho and Stack Montgomery, the negroes engaged in the Rilling of the negro John Cunninkham, had been arrested at Hillsboro'. N. C. He will provide immediately that they be brought to Danville for triel.

An enterprising chizen is now running fines of onnibuses from the sorthern end of North Danville to the corner of Crag-

bend and Main streets here, and from that roint to the south end of Danville. Fare for each trip, five cents.

Rev. F. H. Jones, of Yanceyville, N. C., is assisting Rev. Dr. Goodwin in revival services at the Baptist church.

Several lots were sold in North Danville a day or two ago, the fronts of which ranged from sixty to eighty feet, at prices ranging from \$62 to \$342. These sales, however, were hardly a tair test of the value of real estate in North Danville. A number of other lots, all advertised to be sold at the same time, were not sold.

Committees of conference from the Councils of the two cities have agreed that North Danville ought to pay one tenth of the cost and juli expenses of Danville, and this was agreed to by the Danville Council last night. The matter is now in the hands of the North Danville Council. The same judge and cierk, &c., serve the two cities, and Danville furnishes the jail, courthouse, &c.

PETERRURG, December 10, 1884.

Within the last day or two the Virginia and Carolina Railroad Company has paid into court the money for the various pieces of property in this city needed for its purposes, the assessments of which by commissioners were confirmed by the Court.

In some instances where contests were made new commissioners were appointed to make assessments. Of the \$150,000 appropriated by the city to aid in the conto make assessments. Of the \$150.000 appropriated by the city to aid in the construction of this road, the sum of \$35,000 was designated to purchase the right of way through town and \$15,000 for a depot balldone.

Fincastie, December 8, 1884.

The December term of the County Court commenced here to day. There was a large crowd in town, and every body seemed in good spirits and abundantly happy. No business of importance was attended to in court this morning. Another one of the Madison-Camper election-fraud cases has been set for te-morrow, but very little interest seems to be manifested in it.

NORFOLK AND NEIGHBORHOOD. Baptist Church Destroyed by Fire-Fire in

Norfolk County-Coupon Case.

(Special telegram to the Dispatch.)

Noefolk, VA., December 10, 1884.

To-night about 8 o'clock the Baptist church in Berkeley, opposite this city, of which Rev. George J. Hobday is pastor, caught fire from a defective flue while being beated for a lecture, and was totally destroyed. It was quite a handsome frame structure, built four years ago. Theorgan and seats were saved. The loss will be about \$500 more than the insurance.

To-day the fires burning in the woods in Norfolk county, along the Seaboard road near Bowers' Hill, set on fire the residence on the farm of Alvah H. Martin, county clerk, which, with five other buildings used as negro quarters, were totally destroyed, with their centents. There was some insurance on the property.

The case of the Commonwealth vs. Dr. William Seiden, who tendered coupons for the rayment of his State taxes, will be argued before Judge Hughes on the 17th. Attorncy-General Blair appearing for the Commonwealth. This is a test case, and it will decide several similar cases in other parts of the State. In case Judge Hughes issues a permanent injunction restraining the treasurer from levying on Dr. Seldon's property, the matter will have to go to the Supreme Court of the United States. The treasurer of Norfolk has been instructed by State-Auditor Marye to bring suit on every case that comes up.

The wrecked schooner A. M. Carlisle was picked up to-day and towed into port this afternoon by the Boston steamer John S. Hopkins, having been dismasted last night in a squall off Heg Island. One man was lost overboard in the gale.

THE LONG ISLAND IDEA.

A special from Troy, N. Y., to the Heraid says: During the past summer, while taking an evening stroil, William Denike, a printer's apprentice, and Orville E. Bosca, a clerk in a grocery in Lansingburg, formed the acquaintance of Emma Collins and Lillie Brayton, two pretty school-gris. The quartette from that time on were in each other's company at every opportunity and became ardent lovers. Bosca is eighteen years cld and Denike seventeen, and cach of the girls sixteen.

TYING THE KNOTS.

On Thanksgiving-eve the young couples hired a carriage and drove to Melrose, a small village on the line of the Troy and Boston road, a few silles north of Lansing-burg. The village reached, the youngsters repaired to the residence of a clerayman, where Denike was married to Miss Collins and Bosca to Miss Brayton. They experienced no trouble in inducing the minister to marry them. After the ceremony the bridgeprooms and brides went to the village hotel, enjoyed a wedding supper, and then returned to their respective homes, but none of them disclosed the fact that the marriages had taken place.

Last night Mrs. Bosca's lather discovered the fact that his daughter had been married, and a very stormy scene followed. The youthful bride admitted the truth.

What action the parents will take is not yet known, but it is stated in some quarters that an attempt is to be made to have the marriages annulled. The officialing clergyman is severely censured.

It is said that the reading of an account of a marriage of two very young couples on Long Island instilled the idea into Denike's mind that it would be a good idea to imitate them, and when he made the proposition it was readily accepted.

The Schuylkill Navy, consisting of a large number of amateur athletes, nearly all of whom are actively engaged in business in Philadelphia, is a decided institution of the "Quaker City," and the exciting races that periodically take place between the different boat-clubs composing the Navy rive health and strength to the members of the clubs, and great pleasure to the thousands of spectators that line the banks of the Schuylkill river to witness these amateur rowing contests, which have taken place every season for over a quarter of a century past.

One of the great attractions of Fairmount Park is the long line of handsome boathouses, belonging to the Navy, that stretch along the river-shore, and when the barges, gigs, and skeleton outriggers are flitting up and down the river in large numbers the sight is a beautiful one.

The Pennsylvania Birge Club is one of the oldest and most noted of those rowing organizations, and picked crews from the list of members of this club have done some remarkable rowing and won some signal victories. The "stroke-oar" of the Pennsylvania Club is Mr. J. Howard Beek, of Philadelphia. That gentleman has just furnished the writer with some interesting information regarding the arduous, self-sacrineing work of training for a race, and his statement shows how he got himself into first-class racing condition.

The senior gig-crew of the Pennsylvania Barge Club is composed of Eider, how: Nagle, second; Vogel, third; and myself "stroke," Our first race this year took place June 14th, when the Schuykili Navy held their annual regatta. In this race our crew made the best time on record, namely, 9 minutes and 1 second, the previous best time being 9 minutes and 104 seconds, over a one-and-a-half-mile course. Our next race was the fampus race held at Washington July 31st, against the Columbia Crew, of that city, and the Norlolk Rowing Association, of Virginia. "How was it before you used Brown's Iron Bitters?" was asked.

"Last season I took, as the orthodox tonic or stimulant for strengthening purposes, sherry and egg, which is the popular beverage of men in training for boatracing, but I found it did not do me the least good in the way of keeping up my strength.
